Since 1984, the Town of Huntington has offered extraordinary social model day care services for our mature adult community.

Our wide range of programs, resources, facilities and staff are second to none! These services are available to Suffolk County residents sixty years of age and older, in most instances, who are experiencing decreased levels of physical and cognitive abilities.

Services are available Monday through Friday. Our participants may attend one to five days a week from 8:00 a.m. to 4:00 p.m. Our fees are budget friendly and are accepted by some long term care insurance plans and Medicaid.

A continental breakfast and nutritious main meal are served daily with assorted snacks and beverages available throughout the day. Transportation with handicapped accessibility is available for Town of Huntington residents.

"I cannot say enough good things about the Town of Huntington Adult Day Care Center. It has given new life to my husband, he loves it, and I see glimpses of his old formerly sociable self. The staff is so kind and caring and I feel he is so safe both at the Center and on the HART bus. What a Town this is!"- Iris Field
