BASIC CURBSIDE COLLECTION SERVICE & REGULATIONS

DO:

- Place up to six garbage cans (UNDER 39 GALLONS in volume), bags, or bundles each weighing LESS THAN 50 lbs. at the curb for collection on your two weekly garbage pickup days.
- Garbage collection begins at 6:00 a.m. Recycling collection begins at 5:00 a.m.
- Place covered garbage cans curbside NO EARLIER THAN 6:00 p.m. THE EVENING BEFORE collection.
- Town Code requires that emptied garbage cans be REMOVED FROM THE STREET NO LATER THAN 12:00 p.m. the day after pickup, and all garbage cans must be stored behind the front line of your dwelling on non-collection days.
- Place up to FOUR (4) BULK ITEMS at the curb on your SECOND GARBAGE COLLECTION DAY of the week. A bulk item is any object (other than appliances and large metal items) weighing more than 50 lbs. or larger than 2 x 2 x 4 ft.
- Call your carter to arrange for PICKUP OF APPLIANCE AND LARGE METAL ITEMS. Please do not place items at the curb until the night before your scheduled pickup collection date.
- Place RECYCLABLES at the curb for COLLECTION ON WEDNESDAYS according to this calendar.
- Place bundles or garbage cans of YARD WASTE at the curb for collection on the weeks indicated by a leaf.
- BRANCHES must be tied in bundles no larger than 2 x 2 x 4 ft.; leaves and clippings must be bagged or placed in uncovered cans.
- Grass is NOT collected.

DO NOT:

- Use BUNGEE CORDS (to secure can lids) or use any container larger than 39 gallons, or heavier than 50 lbs. when full. Do not fill your yard waste container to more than 12" above the rim.
- Place MORE ITEMS at the curb than this schedule allows. It is a violation of the Town Code. This includes move-ins and move-outs. For amounts exceeding collection limits, alternative disposal must be arranged (either self-haul or hire a professional).
- Place items at curbside PRIOR TO 6:00 p.m. the evening before your scheduled collection day. It is a violation of the Town Code.
- Place at the curb large amounts of remodeling or construction debris.
- Place at the curb any waste consisting primarily of concrete, cement, stones and/or landscaping soil/sand.
- For amounts exceeding your collection service limits, you must make alternate disposal arrangements (either self-haul or hire a professional).
- Place any refuse, bulk, yard waste, or recycling out for collection IN FRONT OF ANYONE ELSE'S PROPERTY.

On January 1st, 2015, the Town of Huntington implemented its latest environmental measure in its comprehensive recycling program, known as **Single Stream Recycling**. This new green initiative prompted Councilman Mark Cuthbertson to sponsor a town-wide poster contest in an effort to educate our youth on the new single stream recycling method and encourage more children to become involved with recycling in the home.

“To help raise the program’s awareness and encourage more children to recycle, I invited our local school districts to participate in the Town’s **2015 Single Stream Poster Contest**,” stated Councilman Mark Cuthbertson. “We received over

a dozen of colorful and creative entries, which tasked our judges, but in the end, Aina Kahn’s submission was named the unanimous winner,” added Cuthbertson.

In honor of her artistic achievement, Councilman Cuthbertson presented Aina Kahn with a Town proclamation at a Town Board Meeting held on July 14.

The **2015 Single Stream Poster Contest** was open to our local school students in grades 6 through 8. The entries were critiqued by a panel of judges from the Huntington Arts Council and the Town’s Waste Management Department.

A MESSAGE FROM SUPERVISOR FRANK P. PETRONE

Dear Fellow Huntington Resident:

On behalf of myself and my colleagues on the Town Board, I am pleased to present our **2016 Trash Pickup and Recycling Calendar**. This easy-to-follow guide contains detailed information about our trash collection and recycling programs. The calendar is designed to ensure that your refuse and recycling service is efficient, user-friendly, and convenient. By following this calendar and its simple rules, you are instrumental in the program's continued success.

This past year brought some big changes to the Town's recycling programs. We expanded our curbside e-waste collection program and began our **"All In One"** single stream recycling program. Those programs were both very successful and will continue in 2016.

The curbside e-waste recycling program was started in 2013 in advance of the change in New York State law in 2015 that made it illegal to throw out certain electronics as trash. Resident participation in this program has increased by over 300% from 2014 to 2015. Curbside collection of e-waste is by appointment only. For more information on this program go to page 7 in this calendar or visit the Town's webpage at <http://HuntingtonNY.gov/E-waste>

"Huntington Recycles: All In One" is the Town's single stream curbside recycling program. Single stream recycling consists of placing all of your household's recyclables: paper, cardboard, bottles, cans and plastics in a single container for collection. The Town no longer collects paper recycling one week and commingled bottles, cans and plastic the next. "All In One" recycling has made it more convenient for our residents to recycle, resulting in a 9% increase in our curbside recycling rate in 2015. As in past years, I ask that you please consult your calendar on weeks with holidays to see if recycling collection is scheduled. For more information on this program please visit the Town's webpage at <http://HuntingtonNY.gov/singlestream>

For additional information on Town services, departments, programs, news highlights, and meeting times, please check the Town's web site at <http://HuntingtonNY.gov>. If you happen to misplace this calendar, you can always refer to the calendar on the web site; a downloadable version of this calendar is also available.

As always, we welcome your comments and suggestions. Please contact us on the web through "Huntington @ Your Service." If you prefer to contact us by telephone, please call our Sanitation Hotline at (631) 351-3186. This number is available 8:30 a.m. to 4:30 p.m., Monday through Friday.

We wish you and your family a healthy, happy, and prosperous New Year.

Councilman Mark Cuthbertson is pictured with 8th grade student, Aina Kahn, as he proudly displays her first place entry in the Town of Huntington's 2015 Single Stream Recycling Poster Contest held on Tuesday, July 14 at Huntington Town Hall. Aina Kahn's winning poster is featured on the page 2 and will be included in future advertisements and promotions.

Supervisor Frank Petrone with Adrienne Esposito, executive director of the Citizens Campaign for the Environment, and Maureen Dolan Murphy, CCE's executive programs manager. The Citizens Campaign presented the Supervisor with its Environmental Equinox Award, recognizing his leadership in "protecting and restoring our bays, championing recycling programs and working to make the Town of Huntington an environmental leader on Long Island."

Councilwoman Susan A. Berland joins winners of the Fisherman For a Day essay contest which she sponsors each year for students age 9-13. Students from each of the Town of Huntington's school districts are invited to participate by explaining why they want to spend a day on the water fishing and why it is important to protect the fish and their habitat. Winners were treated to a day out on the James Joseph III with members of the Suffolk County Senior Citizens' Fishing Club and the Imperial Sportsmen Club of Long Island.

Councilman Eugene Cook enjoys a welcome bit of laughter with local resident Richard Polesney while clearing snow on Westbrook Court in Greenlawn during a snow storm. "Yes, I thought bringing my own equipment could be of assistance to our Town residents", states Gene Cook.

Councilwoman Tracey Edwards with some of Town Hall's e-waste. The e-waste collected will be processed through the Town's e-waste recycling program. For more information on this program and to learn how you can recycle e-waste at home see page 7 in this calendar.

ALL IN ONE

RECYCLE LIKE YOU'VE NEVER RECYCLED BEFORE

Now you can put your mixed paper, cardboard, bottles, cans and plastics recycling out in the same container for recycling collection. It's "All In One" recycling!

Mixed Paper: Newspaper, magazines, mail (junk & personal), school papers, clean scrap paper, Pennysavers and other circulars, cereal & other grocery boxes (remove plastic liners or windows), detergent boxes and shoe boxes.

Cardboard: Shipping and other corrugated boxes. Any boxes that cannot easily fit in your dedicated recycling container may be flattened, tied and placed along side the recycling container.

Glass: Jars and bottles (rinsed). Lids and tops are recyclable but should be removed and placed loose in the recycling container.

Metal: Tin and aluminum cans (rinsed), disposable aluminum pans and aluminum foil.

Plastic: All plastic food, beverage, soap, shampoo, conditioner, detergent, bleach, and cleaner bottles with Δ1 through Δ7 accepted (please rinse before recycling)

For more information on acceptable and prohibited recyclables go to www.HuntingtonNY.gov/SingleStream

Place your "All In One" Recycling at the curb on days indicated by this calendar. Recycling collection

begins at 5:00 a.m. Make sure the container is marked with a recycling sticker and has holes in the bottom for drainage. Use any rigid container that is 39 gallons or less in volume and weighs 50 lbs. or less when full. If one recycling container isn't enough to hold everything just add another.

Do not place recycling out in plastic bags. They will not be collected.

EXCLUDE: Plastic Bags, Plastic Toys, Ceramic Items, Flower Pot & Plant Containers, Plastic Wrap, Styrofoam, Light Bulbs, Mirrors, Plate Glass, Durable Cookware & Tupperware, Tissues, Paper Towels, Soiled Cardboard Food Boxes (such as pizza boxes), Soiled Paper, Milk and Juice Cartons.

ELECTRONIC WASTE

Pursuant to the state law beginning January 2015 electronic waste may NOT be placed at the curb as trash. One of the methods below must be used by residents to recycle their e-waste.

The NYS Electronic Equipment Recycling and Reuse Act requires manufacturers to provide free and convenient recycling of electronic waste to household consumers in the state. Electronic equipment covered by this law includes: Computers, Monitors, Keyboards, Scanners, Facsimile Machines, Printers, Televisions, Small Scale Servers, Mice and other peripherals. Manufacturers may use a variety of collection methods to recycle electronics, so any of the following collection methods are in full compliance with the law and available to the households of Huntington:

Retail Take Back Programs: Stores that sell electronics are required by the law to take back e-waste either through a drop off program or a mail in program. For additional information go to: www.HuntingtonNY.gov/E-wasteTakeBack

E-waste Drop-Off Site at The Town Of Huntington Recycling Center: The Town of Huntington has a no-cost drop-off site for e-waste at the Recycling Center located at 641 New York Avenue, Huntington, New York, 11743. It is available Tuesday through Saturday from 8:00 a.m. to 4:00 p.m. In addition to all equipment covered by the law, cell phones will be accepted for electronics recycling.

Small electric appliances (e.g.: vacuum cleaners, hair dryers, curling irons, toasters, toaster ovens, mixers, slow cookers, clothes irons, et al.) are NOT acceptable for recycling under this program. For additional information go to: www.HuntingtonNY.gov/E-wasteDropOff

Curbside E-waste Collection (by appointment only): Call the Town's Refuse Department at 351-3239 to schedule an appointment for curbside collection of electronics covered by the law. You should place the electronic waste at the curb the before 6:00 a.m. on your scheduled appointment date. Minimum amounts required for curbside collection. For additional information go to: www.HuntingtonNY.gov/E-wasteCurbside

INVASIVE PLANT SPECIES

Invasive plants are plants that are not native to an ecosystem. When introduced either by accident or on purpose they face little natural competition for resources and often take over, forcing out the native plants and upsetting the natural balance.

Councilwoman Susan A. Berland sponsored legislation that added Chapter 156A (Bamboo) to the Code of the Town of Huntington in an effort to preserve and protect private and public property from the damaging spread of certain running bamboo grasses, protect indigenous plant materials from the invasive spread of running bamboo and maintain the general welfare of residents of the Town of Huntington.

Other invasive species include climbing vines that threaten trees. Trees are dying from encroaching vines: English ivy, oriental bittersweet, climbing euonymus, honeysuckle, porcelain berry, kudzu and others. These species choke or obscure sunlight from leaves, slowly killing the trees.

The most effective control is to cut and remove invasive vines from around the base of supporting trees, while leaving the attached vines to die.

The best time for removing vines is early fall through late winter when affected trees are easily accessible.

For more information on controlling invasive plants, see our website at:
www.HuntingtonNY.gov/invasive-plants

BATTERY DISPOSAL

The New York State Rechargeable Battery Recycling Act (NYS ECL § 27-1805) bans any person to dispose of rechargeable batteries as solid waste AND requires businesses who sell rechargeable batteries to collect and recycle the batteries statewide at no cost to consumers.

Retailers must accept up to ten used rechargeable batteries per day from any person regardless of whether the person purchases replacement batteries. Retailers must also accept as many batteries as a consumer purchases from the retailer.

The following rechargeable batteries are covered by this law:

The following rechargeable batteries are covered by this law:

Nickel-cadmium	Sealed lead (SLA)
Lithium ion	Nickel metal hydride
Any dry cell battery capable of being recharged	Battery packs containing any of the above-mentioned batteries

Non-rechargeable batteries, such as 9V, A, AA, AAA, C, and D batteries can be disposed of in your household trash.

For more information visit:

GRASS RECYCLING

1. Allow your lawn to grow at least three inches high. When mowing, cut no more than one inch off the top. Mow only when the grass is dry.
2. Leave the grass clippings in place – DO NOT BAG THEM. The clippings decompose quickly, are a natural fertilizer, keep the lawn moist, and protect against disease.
3. Water your lawn in the early morning hours (between 6:00 and 10:00 a.m.) Water a maximum of three to four hours per week, less if it rains.
4. Don't over-fertilize. Grass clippings left in place actually fertilize your lawn. Fertilizer need be applied only three times a year – around Memorial Day, Labor Day, and Thanksgiving.
5. Keep your mower blade sharp and consider investing in a mulching blade for your current lawn mower. These blades cut and recut the grass more finely and greatly aid the decomposition process. When it comes time for a new mower, consider replacing it with a mulching or recycling mower.

OVERSIZED TRASH CANS PROHIBITED

Oversized Garbage Cans and/or Bungee Cords are illegal and poses a danger to carters.

It is a violation of the Town Code to place at curbside garbage receptacles that are either oversized or overweight. These cans and lids secured with bungee cords have been known to cause serious injuries to our sanitation collectors. Always use the correct-sized garbage can. For our residents' benefit, the actual Town Code Regulation pertaining to this is reprinted here:

Town Code Standards for Storage of Waste Prior to its Collection:

It shall be the responsibility of the owner, tenant, or occupant of a residential property to provide receptacles of sufficient capacity to contain the solid waste ordinarily generated of that property during ninety-six (96) consecutive hours. The receptacles shall be kept closed and maintained in good and sanitary condition by periodic cleaning, and, when filled, each receptacle shall not exceed fifty (50) pounds in total weight or thirty-nine (39) gallons in volume.

Thank you for your cooperation

DISPOSAL OF UNUSED MEDICINES & PRESCRIPTION PHARMACEUTICALS

Medicines play an important role in treating many conditions and diseases, but when they are no longer needed it's important to dispose of them properly to avoid harm to others. If you are concerned that your old medicine may pose a danger to another person use the Medicine Take Back Program.

Medicine Take-Back Programs

The Suffolk County Police Department has a take back program called OPERATION MEDICINE CABINET. Residents

can drop off expired or unwanted drugs, keeping our seniors, kids, pets, and the environment safe.

- | | |
|---|---|
| <ul style="list-style-type: none"> • Needles and liquid medications will not be accepted • See page 27 for proper needle disposal procedure • Liquid medicines should be mixed with coffee grounds and disposed in regular garbage | <ul style="list-style-type: none"> • Place medications in a plastic bag prior to disposal • Drug drop-off is completely anonymous and is available at each Suffolk County Police Precinct 24 hours a day, seven days a week* |
|---|---|

*The most convenient location for Huntington residents is the **Second Precinct at 1071 Park Avenue, Huntington Station**

For more information about this program, contact the **Suffolk County Police Community Outreach Bureau** at 631-852-6109

OR

Disposal in Household Trash

Consumers can also follow these simple steps to dispose of all prescription medicines in their household trash:

- Mix medicines (do NOT crush tablets or capsules) with an unpalatable substance such as kitty litter or used coffee grounds;
- Place the mixture in a container such as a sealed plastic bag; and
- Throw the container in your household trash
- **Never flush medicine down the toilet.**

PROPER DISPOSAL OF HOUSEHOLD SHARPS

Many community residents use SHARPS – hypodermic needles, lancets, or other instruments – to manage their health care at home. Proper disposal of these instruments protects family members and our sanitation workers from accidental injury.

NEVER DISPOSE OF LOOSE SHARPS IN NORMAL HOUSEHOLD TRASH

If you use household SHARPS to manage your diabetes or other medical conditions, please follow these procedures for proper disposal.

- Use a puncture-proof plastic container with a tight-fitting screw top. Plastic soda bottles and bleach/laundry detergent containers all work well.
- Do not use glass containers or coffee cans.
- Label the container clearly. Write "CONTAINS SHARPS" with a waterproof marker directly on the container, or on masking tape on the container.
- After using the syringe or lancet, immediately put it in the container. Screw on the top. Do not clip, bend or recap needles because you may injure yourself.
- Keep container away from children.
- When the container is full, screw on the top tightly. Seal with heavy duty tape.
- Place the sealed container with your regular refuse for safe disposal.

CONTAINERS WITH SHARPS INSIDE CANNOT BE RECYCLED!
