§198-74.VISION OBSTRUCTIONS AT INTERSECTIONS

No wall, fence, hedge, shrub, advertising or identification sign or other structure or growth more than three (3) feet high, nor any other obstruction to vision, shall be erected or maintained on a corner lot within the triangular area bounded by the lines connecting the street corner of the lot and a point twenty- five (25) feet from such corner on each of the intersecting street lines. The exception to this provision shall be within the Huntington Village Business Improvement District, where a building, including the permitted accoutrements therein and thereon, may occupy the space described above.

§198-93. Prohibited Signs.

( R ) : Any sign erected or maintained on a corner lot within the triangular area bounded by the lines connecting the street corner of the lot and a point twenty-five (25) feet from such corner on each of the intersecting street lines, except that one (1) single or double pole freestanding sign may be permitted within such area provided that the bottom of the sign is at least fifteen (15) feet above grade, and in the opinion of the enforcement officer, does not cause a vision obstruction or create a public nuisance or hazard.
