

Supervisor Chad A. Lupinacci and the Town of Huntington
are proud to co-sponsor the newest addition to the Victoria Gaines Boating Safety Program

Emergencies On Board

A One-Night Seminar Promoting Boat Safety

presented by

Neptune Sail and Power Squadron

At first glance any list of possible **emergencies that occur on board your vessel** may seem overwhelming. With the skills and confidence you will have at the end of this seminar, you will be adequately **prepared to handle emergencies** and know how to effectively deal with them as they occur.

You will learn **practical knowledge** about accident prevention, running aground, onboard fires, losing power, person overboard, and medical emergencies. A **must-have for skippers**, this seminar provides valuable skills for anyone venturing on the water.

Susan Beck, Commander of the local Neptune chapter of *America's Boating Club*, and Executive Officer Anthony Pozen will cover a variety of topics related to emergencies that can occur while away from the dock. They will also offer references to other sources if additional information is desired.

Date: Call/Email for Dates >>
