CONCEPTUALIZED SITE PLAN

CONCEPTUALIZED SITE PLAN is required for:

- a) Non-residential applications.
- b) Residential applications with the intent of applying to the Planning Board for subdivision approval. Large maps must be individually folded with the information box in the lower right-hand corner.

CONCEPTUALIZED SITE PLAN is NOT required for area variances to dwellings in zones legally permitting dwellings or legal non-conforming dwellings. The below list is only the bare necessities for a technical review on behalf of the Zoning Board of Appeals and by no means constitutes a full site plan review. Please note that when an application is submitted to the Planning Board for full site plan review, additional items will be required at that time.

1. Lot area, building lot coverage, names of abutting streets, general boundary lines, bearings, distances, area of parcel, a tie distance to an established street intersection, a north point and notation as to a standard scale (1"=10', 1"=20', 1"=30', 1"=40' or 1"=50').
2. Zoning of the subject and abutting properties must be accurately depicted. All zone district boundary lines, must be shown.
3. Key map at a scale of no less than 1"=600' may be included to indicate approximate location of property that is subject to the application.
4. Existing and proposed curbs, sidewalks, buildings, areas to be landscaped, utilities, fencing, free-standing signs, dumpsters, proposed parking areas, aisles and driveways, buffers and their *exact dimensions must be shown*.
5. Parking calculations based on uses (§198-47). Parking spaces to be standard 9' x 20'. Handicapped spaces to be 8' x 20' with a 8' x 20' transfer area.
6. Existing and proposed building Gross Floor Area to include an area breakdown of the building's existing and proposed uses on all building levels to coincide with #5 above.
7. Loading zones, where applicable, as required pursuant to §198-54.
8. Special use permits, pursuant to §198-110 (C)(3), will also require submission of a yield map.
