## Who Has The CAC Met With?

The CAC has met with Councilman Ferro each month to discuss improvements that could be made throughout the Town for people with Disabilities.

They have met with Parks and Recreation Director, Todd Jamison to discuss improvements that can be made at Town Parks and restrooms making them more handicap accessible, and create more areas for people of all abilities to enjoy.

The CAC has met with Assistant Town Attorney, Laurie Argiriou to advocate for proper curb cuts, proper amount of access aisle space for handicapped parking, as well as having the correct amount of required handicapped parking spaces within public parking lots.

The CAC has also been in contact with the Director of Transportation, Scott Spittal to learn more about the HART bus program that is offered through the Town of Huntington. The group was successful in advocating for more bus routes to pass through Paumanack Village.

The CAC met with Director of Community Development Agency, Angel Cepeda. He informed the group of the Town's numerous options when it comes to affordable housing and senior housing. He also was able to inform the group about the number of handicap accessible apartment units that the CDA has to offer within their Agency.

The CAC has met with the Huntington Town Supervisors Office to discuss improvements that should be made throughout the town. Together the CAC and the Supervisors Office has been able to make improvements to the Town's parks, beaches, parking lots, and train stations.

## What has the CAC been working on?

While the elevator at the Huntington Train Station was not in operation, the CAC asked the Town Board how people in a wheelchair would get from one side of the platform to the other.

The Train station elevator is now back in operation; however, the proposed solution in the meantime was to have signage made up with the HART bus phone number on it.

The Hart Bus then offered service to transport disabled residents from one side of the track to the other.

The CAC successfully secured an additional handicap parking space in front of Panera Bread in Huntington Village.

The CAC has called for numerous improvements to Centerport Beach. Some of the improvements that have been made are restriping of the Beach parking spaces and placing proper access aisles in the parking spaces, as well as building up the lip on the curb to allow for easier access without obstructing the walkway.

Citizens Advisory members have successfully advocated to have nonverbal park equipment installed at Heckscher Park, as well as new swings and park equipment that allow for handicapped and able-bodied children to play and swing together.

The committee has also worked with General Services and Human Services Department Director Kevin Thorbourne to advocate for improvements to the Town's Senior Beach House and Cottage.

An improvement that has been made based on recommendations from the CAC is the addition of beach mats and beach buggies at numerous Town Beach locations.

#### Smart 911

Quote from a First Responder: "One of the things we fail to think about is the fact that when a person is dialing 9-1-1, it can be a very chaotic environment and there could be a lot of panic involved. If they have preloaded a profile that automatically populates for our responders, we have useful information, even if the person cannot relay all needed information to us."

• Through the Smart 911 Program you can create a Safety Profile which provides first responders with information you have provided that will help Police, Fire, and EMS locate and help you in an emergency.

#### **Extra Features of Smart 911**

- **Smart 911** also provides weather alerts and notifications to those who are registered with the Program.
- Vulnerable Needs Registry which alerts emergency managers in your town that you need special assistance when a disaster strikes.
- **Smart 911** ensures that the details you would need to tell 9-1-1 are immediately available in the event you cannot verbally provide them.

#### **CAC Members Research / Participation**

Members from the Town's CAC Advisory
Committee have met with local Fire Department
Chiefs from Halesite Fire Department, as well as
Dix Hills Fire Department. In each of these
meeting the Fire Chiefs described to the members
how they have implemented the program within
the town, and how beneficial the program is to
their rescue missions. Each time there is an
emergency call from someone who is registered
with the program they can quickly identify the
needs, limitations, and health concerns / medical
info that the individual calling has prior to
emergency services arrival.

- Smart 911 Mobile App is available on the App store as well as Google Play.
- Register Online at https://www.smart911.com/smart911/registration/registrationLanding.action
- Through Smart 911 You can add as much or as little information about your vehicles, pets, service animals, along with any special notes that you would want responders to know. Smart 911 allows citizens to provide the additional details that 9-1-1 call takers may need in order to assist them during an emergency. When you dial 9-1-1 today the information received by the 9-1-1 call center can be limited based on the type of phone you are calling on. With Smart911, anytime you make an emergency call from a phone registered with your Safety Profile, the 9-1-1 systems recognizes your phone number and automatically displays your profile on the screen of the call taker who receives your call.

## SCAT

## SUFFOLK COUNTY ACCESSIBLE TRANSPORTATION

#### How do I know if I am eligible?

You are eligible to ride SCAT if you have permanent or temporary disabilities that prevent you from using regular Suffolk County Transit (SCT) public bus service. All SCT buses are wheelchair lift or ramp equipped. Eligible individuals are those with disabilities defined by federal regulation and who: • Cannot use SCT buses without assistance; or • Cannot use SCT buses because the route(s) they wish to use are not accessible; or • Have a disability that, combined with environmental barriers or circumstances, prevent them from using the Suffolk County Transit. Once registered with SCAT as an "ADA Eligible Rider," you will be issued an I.D. card and number which will allow you to use SCAT as well as other ADA paratransit services throughout the country.

#### How can I apply for SCAT service?

You can apply for SCAT service in any one of the following ways: • Download and print the application (pdf file) at www.sct-bus.org and mail it in. • To request an application, write to: Suffolk County Office for People with Disabilities Building 158, William J. Lindsay Complex Veterans Memorial Highway PO Box 6100 Hauppauge, NY 11788 • By calling: 631.853.8337 (voice) or 631.853.5658 (TTY), weekdays, 9:00 AM. -4:30 P.M. Once we have received your completed application, we will notify you of your eligibility status within 21 days. With your completed application, you will need to provide two (2) photos (must include size) for your I.D. card as proof of eligibility. To be considered all applications must be completed in their entirety. The Suffolk County Office of Handicapped Services is also available to answer your questions regarding the application and/or the SCAT program. The SCAT application is also available in Spanish or other formats upon request, for example, large print or audio cassette.

#### When using SCAT, remember:

SCAT is a form of mass transit. It is a shared-ride service. Other SCAT users will be sharing the ride with you. The bus may be making stops for others before picking you up, and dropping other passengers off before reaching your stop. We ask all riders to be ready at their pickup time to minimize inconvenience and help the service keep on time. Please be ready to board the bus as soon as possible once it arrives. Remember it might be you waiting on the bus next time. • All trip requests can be scheduled between 1 to 5 days in advance; you do not have to wait 5 days but you must schedule vour trip at least one day in advance. Since SCAT buses don't follow daily routes, every day is different. Calling at least a day ahead allows us to plan out the day's route to accommodate all trip requests as efficiently as we can. • Allow extra time for reaching your destination/appointment – We make every attempt to pick up and transport our riders when we say we will, but the times we give can only be approximations.

#### What does it cost?

ADA Eligible Rider	\$4.00
Companions	\$4.00
Personal Care Attendants	Free
Children Under 5 Years of Age	Free

Please have your fare ready in cash, exact change only. Our drivers cannot make change.

When Is SCAT service available?

SCAT service is available system-wide during normal service hours, Monday through Friday, 6:00 AM to 8:30 PM; Weekends, 7:00 AM to 8:30 PM.

#### PUBLIC TRANSPORTATION

Local public transportation is available Monday through Saturday. The Town of Huntington's HART system (631) 427-8287 and Suffolk County Transit (631) 852-5200 operate a network of regularly scheduled bus routes that serve many of the places seniors might want to travel, including the Senior Center. Buses are handicap accessible. Senior citizens, individuals with disabilities, and Medicare cardholders are eligible to pay reduced fares.

Minibus service is also provided, at somewhat higher fares to persons who are prevented from using the regular buses because of a disability. This paratransit service is operated on a shared-ride, advance-request, curb-to-curb basis by HART (for rides entirely within the Town of Huntington) and Suffolk County's SCAT program (for rides within Suffolk but not entirely within the Town). Both agencies require prior enrollment by application. Personal travel assistance is limited. HART also extends paratransit service, with reduced priority, to non-disabled senior citizen residents who do not drive and do not have access to regular buses. Paratransit is not offered as a more convenient alternative to regularly scheduled buses.

HART Paratransit is now accepting applications to provide service for Town residents who wish to go to the following Health Care Facilities along Commack Road in Commack: Memorial-Sloan Kettering, St. Catherine & St. Charles Health & Wellness Center, and Stony Brook Advanced Specialty Care.

For information call:

HART at (631) 427-8287 [TTY: (800) 662-1220] SCAT at (631) 738-1150 [TTY: (631).981.0104] Bus schedules are available at the Senior Center

Paratransit hours of operation are: Monday through Friday 6:55 am - 7 pm Saturday 9 am - 6:55 pm

**HART** has enhanced cleaning and sanitizing routines of their buses and monitor what the neighboring transit agencies are doing in order to continue keeping the community safe.

Elevator installation projects are underway or about to begin at Nostrand Avenue, Murray Hill and Floral Park stations.

The Long Island Railroad has also launched a new program called LIRR CARE, which helps individuals with special needs receive assistance with the bridge-plate to board the train. To ensure adequate time for assistance, it is recommended customers call (718) 547-7227 at least two hours before the desired departure time. The customer should provide the date, departure time, where they will be departing from and the destination.

People with disability parking permits can always park for free at metered spaces within Huntington Village and at the Huntington LIRR Train Station parking lot all year long, as long as the vehicle has handicap license plates or displays a valid disability parking permit.

To improve educational, training, and employment opportunities and outcomes for adults with disabilities who are unemployed, underemployed, and/or receiving Social Security disability benefits, the Department of Labor, Licensing & Consumer Affairs administers the Disability Employment Initiative (DEI) Project.

Funded and administered by the United States Department of Labor's Employment and Training Administration and the Office of Disability Employment Policy.

The Department of Labor, Licensing & Consumer Affairs provides seamless Workforce Innovation and Opportunity Act (WIOA) services and accessibility for everyone served in the One-Stop Employment Center.

In addition the Disability Employment Initiative Project can provide guidance in the employment process and use of the One-Stop center resources for individuals with a disability whether or not they are an SSD/SSI beneficiary.

As a New York State certified Employment Network (EN), the Suffolk County One-Stop can guide job seekers through the Ticket to Work program.

Eligibility
Benefits counseling
Plan To Achieve Self-Support (PASS)
Impairment-Related Work Expenses (IRWE)
Medicaid/Medicare information
Trial Work Period
Extended Period of Eligibility (EPE)
Expedited Reinstatement
Substantial Gainful Activity (SGA)

The goals of the Ticket to Work Program are to:

Offer beneficiaries with disabilities expanded choices when seeking service and supports to enter, re-enter, and/or maintain employment;

Increase the financial independence and self-sufficiency of beneficiaries with disabilities; and

Reduce and, whenever possible, eliminate reliance on disability benefits.

The beneficiary does not need a paper Ticket to participate. Under this program, eligible beneficiaries with disabilities who are receiving monthly cash benefit payments are entitled to participate by signing up with an approved service provider of their choice.

This can be an Employment Network or a State Vocational Rehabilitation (VR) agency. The EN/State VR agency, if they accept the Ticket assignment, will coordinate and provide appropriate services to help the beneficiary find and maintain employment. These services may be training, career counseling, vocational rehabilitation, job placement, and ongoing support services necessary to achieve a work goal.
