Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The Town of Huntington is required by law every five years to prepare a consolidated Plan to receive federal funds from the US Department of Housing and Urban Development (HUD). The Consolidated Plan combines in one report important information about Town of Huntington demographics and economic activity as well as information on the housing and economic needs of its low and moderate-income residents.

All funding recommendations for programs operated with these funds were evaluated based on their ability to help the Town of Huntington and HCDA meet the goals and priorities established in this plan.

For the next five years 2015-2019 the Town of Huntington via HCDA is required to prepare a one year action plan to notify citizens and HUD of the Town's intended actions during that particular fiscal year. This is the fourth year Action Plan (fiscal year 2018) includes citizen input that is due annually to HUD by April 1st. The action plan is developed under HUD guidelines and serves as the application for Community Development Block Grant funds.

The Consolidated Plan identifies current situations, assesses and prioritizes community needs, and develops a strategy according to the Towns' long-term objectives to distribute and allocate Community Development Block Grant (CDBG) resources. These programs provide primary benefits to low and moderate-income persons, but also serve to eliminate blight conditions throughout the Town.

The purpose of this document is to enable the Huntington Community Development Agency and the Department of Housing and Urban Development to assess all program efforts and to determine whether the Town of Huntington is meeting the needs of the targeted populations.

This document presents a strategy to address the following program goals in fiscal year 2018: a) provide decent housing, b) provide a suitable living environment and c) provide expanded economic opportunities. The programs to address these goals are primarily aimed at families and individuals of low and moderate income, i.e. 80% of median family income.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The programs aim to provide decent housing. Included within this broad goal are the following:

- First, assist homeless persons to obtain affordable housing; retain the affordable housing stock; increase the availability of permanent housing that is affordable to low-income Americans without discrimination, and increase supportive housing that includes structural features and services enabling persons with special needs to live in dignity.
- Second, provide a suitable living environment.

Providing a suitable living environment includes improving the safety and livability of neighborhoods, increasing access to quality facilities and services, reducing the isolation of income groups within areas by increasing housing opportunities and revitalizing deteriorating neighborhoods, restoring and preserving natural and physical features of special value for historic, architectural, or aesthetic reasons; and conserving energy resources.

- The third major statutory goal of the program is to expand economic opportunities.

Within this goal is facilitating the creation of jobs accessible to low and very low-income persons; providing access to credit for community development that promotes long-term economic and social viability, and empowering low and very low-income persons in federally assisted and public housing to achieve self-sufficiency.

Housing and community development needs:

- The needs analysis provides a comprehensive evaluation of housing needs in the Town of Huntington, an estimate of needs based on HUD data, analysis of housing problems, and the analysis will be utilized to define priorities for the allocation of community development block grant funds. Community development needs can be included in: Rehabilitation of private property. Infrastructure improvements. Economic development/job creation. Strategic Plan: The Huntington Community Development Agency Consolidated plan has set forth initiatives to address Town needs and priorities. Priority will be given to the locally-defined CDBG projects funded and must be consistent with applicable Town laws.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

In the past seven years the Town of Huntington via the Huntington Community Development Agency and its various partners, including not-for-profits, state and county governments, has provided over 177 units of affordable housing for first time homebuyers in the Town of Huntington. Last year Highland Greens an affordable limited equity co-op providing 117 units in Melville and Country Point in Huntington in Huntington Station provide 11 units. In 2016 the Creekside provided 3 units of family rental housing in Halsite, and Coves are in the process of providing 27 units of senior affordable units in Melville, and 43 units of rental housing in Huntington Station at Avalon. The Town and HCDA assisted in the rehabilitation of over 113 units of low to moderate income homeowners in Huntington.

The Town with Stimulus funds has provided funds to the Housing Authority for Family Self Sufficiency. This enables families to get child care so they can find work or enroll in schools to get a better education enabling them to find employment.

The Town of Huntington has provided assistance to the Weekday Nursery School, Huntington Freedom Center, Rainbow Chimes and Millennium Hills. These organizations provide (or provided) support services for children whose parents are low and moderate income.

In addition, the Town of Huntington updated municipal facilities that provide support services to senior citizens and low to moderate income individuals, including the John J. Flanagan Senior Center in Huntington (including the rehabilitation of its Alzheimer wing) and Manor Field counseling center at Manor Field Park in Huntington Station (the only Town park located in a low moderate income census tract). HCDA acquired (for a very small fraction of market value) a series of attached buildings in Huntington Station known as 1264-1266-1268 New York Ave. which included rehabilitation of space to house the Huntington Station Enrichment Center and the HCDA-operated Huntington Business Incubator. The Town and HCDA also provide meeting space to partner organizations, the Huntington Station Business Improvement District and the Town of Huntington Economic Development Corporation, that from time to time, work in collaboration with HCDA on various economic development initiatives.

The Town of Huntington and HCDA continue to partner with Long Island Housing Services, Long Island Housing Partnership, Community Development Corporation of Long Island, Family Service League, Housing Help, Inc., the Senior Housing Committee of Huntington, Inc. and other various not-for-profit housing organizations to provide housing counseling, other support and education services.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	739,000	150,000	0	889,000	0	

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The Town of Huntington receives only CDBG funding which does not require a match. However because of collaboration and partnerships between the many agencies we work with it enhances the levels of services to low and moderate income residents. These Agency partners

understand the need to bring additional resources to the table to be successful.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Town has acquired a former New York State armory in Huntington Station which will become a community center. The Town/Agency will be constructing 14 affordable units of housing in the Huntington Station area, with the assistance of a New York State grant. The Town is improving public infrastructure (parking lots, sidewalks, roads, street lighting, curbs, etc.) in downtown shopping districts with Suffolk County Downtown Revitalization grant funds.

Discussion

Federal funds provide a crucial role in implementing the consolidated plan. Without partnerships between federal, state, local and private funds there would be a disconnect between partnerships and agencies that provide services to low and moderate income persons.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Town of Huntington utilizes CDBG Funds for programs and projects operated in the Town of Huntington. That being said, public works projects are targeted to census tracts with more than 51% of the residents who are low to moderate income. Home rehabilitation projects are based on family income.

Geographic Distribution

Target Area	Percentage of Funds
Town wide

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The CDBG program is designed to help low and moderate income. The Town does not have many census tracts that are more than 51% of the residents are low and moderate income living in one census tract. The Town's program has been designed to meet the needs of low and moderate income families who live anywhere in the Town of Huntington, based on the assumption that in a high cost area, they is a greater risk of displacement, or other serious situations due to limited financial resources.

Discussion

The Town of Huntington utilizes CDBG for projects and programs Townwide. However public facilities and improvements are targeted to those census tracts with more than 51% of the residents who are low and moderate income.

AP-60 Public Housing – 91.220(h)

Introduction

The Huntington Housing Authority is a local public agency that provides safe, decent, and quality affordable housing and supportive services to eligible persons with limited incomes.

Actions planned during the next year to address the needs to public housing

Huntington Housing Authority Plan provides the participants, tenants and other community stake holders with basic programmatic information, as it relates to the specific programs administered by the Housing Authority of the Town of Huntington.

- Provide the communities we serve with state of the art closed circuit television system, as a means to maintain safe, decent and affordable housing.
- Preserve and improve the physical conditions of the public housing stock through the use of Housing and Urban Development (HUD) capital grant funds.
- Maintain the Housing Authority's level of direct service through accurate budget authority analysis and the proper implementation of HUD administrative directive, such as eligible screening, rent calculation and rent reasonableness.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The resident association composed of residents of public housing works with residents on a regular basis. When a resident of public housing comes to the office with a problem, other than a request for routine maintenance he or she is referred to the residents association for a solution. The Resident's Association either deals with the concerns or makes a recommendation to the Board of Commissioners as to what action the board should take.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Discussion

The Housing Authority is always working to address the needs of public housing and encouraging public residents to become more involved and participate in homeownership.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The Town's goal would be to have a seamless continuum of care for the homeless. The Town will continue to work with the Suffolk County and the not-for-profits that provide the direct services to the homeless.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Town does not receive ESG Funds; however we are working with organizations that make up the local Continuum of Care which have implemented a multi-pronged effort to provide adequate housing and social services to this very vulnerable segment of community.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Town of Huntington has endorsed the "Continuum of Care" philosophy to chronic homeless with planned activities which provide assistance to homeless persons and those in danger of becoming homeless. This takes in account assistance to emergency shelter programs, transitional housing with associated services and development of permanent rental housing for formerly homeless families and individuals. Programs serving homeless needs have been funded through CDBG and local funding. The CDBG has funded the rehabilitation of shelters and transitional sites and will continue to provide assistance to other housing and service providers who have or will receive funding from other Federal and State Programs.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Continuum of Care providers achieve this by assisting homeless individuals and families make the transition to permanent housing and independent living. This is accomplished with additional support services which are funded by New York State and Suffolk County Department of Social Services.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly

funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The Town of Huntington does not receive ESG funds, however, with the services of Suffolk County Department of Social Services and local Continuum of Care providers have developed a myriad of programs that help individuals and families avoid becoming homeless.

Discussion

The Town of Huntington does not received ESG Funding, however it is committed to the “Continuum of Care” philosophy to end homelessness by working with local Continuum of Care providers.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The High market price of housing, limited available vacant land, the age of the housing stock, decline in government housing funds and NIMBYS are all obstacles identified.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

High Market Price

Down payment program assistance through home funds (Suffolk County) can assist in the purchase price. Also new developers needing a zone change in the Town of Huntington as per our local affordable housing ordinance will create subsidized units for low-moderate income persons.

Limited Available Land

The Town is participating with Suffolk County in the 72H Program for land, however in the past 10 years only two small parcels have been lost to taxes.

Age of Housing Stock

The Town will continue to operate the Housing Rehabilitation program which provides funds to low-moderate income families.

NIMBYS

The Town will continue to increase public education about the myths that can be detrimental to hamlets in Huntington.

Discussion:

The Town of Huntington will continue its efforts, with its many partners to address barriers to affordable housing.

AP-85 Other Actions – 91.220(k)

Introduction:

The Town of Huntington will undertake the following actions listed below in fiscal year 2018 with the assistance of other government entities and not-for-profits.

Actions planned to address obstacles to meeting underserved needs

The greatest obstacle is getting the information to the underserved. With this in mind, the Agency will continue its efforts to reach these individuals by advertising all the programs which are available to low and moderate income, homeless and special needs populations through brochures and contacting local churches and synagogues.

The town will provide assistance to organizations seeking to take advantage of state funding for the creation of new housing opportunities for developmentally disabled.

Actions planned to foster and maintain affordable housing

The Huntington Community Development Agency will continue to rehabilitate dwelling units of low and moderate-income families who own their home in the Township. The Huntington Community Development Agency will also rehabilitate rental dwelling units, in certain cases, which are occupied by low and moderate-income families that live in the Township. The Agency also provides assistance for accessory apartments located in the Town of Huntington. The Community Development Agency, the Town's Planning Department and Suffolk County's Real Estate Department are searching for building lots and vacant houses in Suffolk County for construction or reconstruction as affordable housing for low and moderate income families.

The Huntington Housing Authority provides rental assistance in the form of vouchers and certificates to income-eligible families to bridge the gap of affordability.

The Suffolk County Department of Social Services also provides funds to low and moderate-income families to help defray the cost of living expenses throughout the Town.

The Community Development Agency and the Huntington Housing Authority are partnering at Millennium Hills to provide family counseling and after school programs. The Town of Huntington does not anticipate a change in the status of the Huntington Housing Authority.

To address the reduction of barriers to affordable housing within the Township, the CDA will continue to work with the Town's Planning Department on housing development including the Town's Accessory Apartment Ordinance. This enables a single unit of housing to become two units of housing without delays and disruptions created by new construction, which would also concentrate the units on one site. These are rental units, which are dispersed throughout the Town of Huntington. Presently, there are

1,500 accessory apartment units.

In September, 2004 the Community Development Agency and the Huntington Housing Authority completed building 40 public housing units and 44 affordable housing units in Huntington (Melville), Millennium Hills. The HHA will also provide assistance to individuals who are looking for affordable housing. Examples include voucher, certificate and down payment assistance programs.

The Town of Huntington with its various partners (not-for-profits, the State and County) in the past five years have provided over 60 units of affordable housing units for first time homebuyers at the Villages west of Huntington in Melville. We assisted over 113 units of low to moderate income homeowners in Huntington with housing rehabilitation. In addition 100 units of 202 housing for seniors were built in Melville. Providing 20 units of senior home owner units for persons who make under 80% of median income. 3 units of rental housing in Halsite. The Town is looking to provide 14 condo units to veterans who are first time home buyers. The Town will continue to manage many life time affordable housing units in the Town.

Other expected future resources include Suffolk County's surplus land program, which makes land available for affordable housing purposes and private sector funds in the form of construction loans and mortgage financing for affordable housing projects. Additionally the Town has entered into agreement with a local lender to provide below-market interest rate loans for the purpose of homeowner residential rehabilitation.

Actions planned to reduce lead-based paint hazards

The Community Development Agency will continue the following activities concerning with lead base paint:

1. The Huntington Community Development Agency will implement new federal guidelines set forth in 24 CFR part 35, for rehabilitation program participants.
2. The Huntington Community Development Agency will provide information to clients on lead hazards.
3. Provide testing for Lead Hazards at no cost to income qualified Homeowners for their homes and removal of any Lead Hazards if Homeowner wants to participate in the program.
4. In conjunction with Huntington Hospital, the Agency will continue monitoring for any lead based paint poisoning incidents, on a quarterly basis, occurring in the Town of Huntington.

Actions planned to reduce the number of poverty-level families

To reduce the number of families with incomes below the poverty level, the Town of Huntington will continue working with the Huntington Chamber of Commerce, the Small Business Administration, and

the Labor Dept. to provide loans and technical assistance to new and existing businesses for job creation.

Through the New York State Department of Labor, the following programs/services are available:

- This is the second full year of the Huntington Opportunity Resource Center (HORC) which is a collaborative partnership between HCDA, the Town of Huntington and Suffolk County that leverages the resources of the County's Department of Social Services and Department of Labor to provide benefits, assistance, employment counseling, programs and assistance to address unemployment, underemployment and impediments to securing employment, and providing employment leads. The goal of the program is to have DSS clients through Family Self Sufficiency gain the necessary skills to secure long-term employment and eventually become independent and earn an income above the poverty level.
- At Hauppauge "One-Stop" Job Center, low and moderate-income residents are able to use computerized job hunt workstations at no cost. Job hunt stations list all current New York State, Federal, and county jobs as well as a selection of private sector listings, local and nationwide.
- Job Matching Service available for those interested in jobs located in Nassau/Suffolk.
- Free workshops in resume writing, job search skills, career planning. Job-hunt counseling and support group also provided.
- "Jobs Plus" computers are available to all in Huntington Town Hall lobby. In both English and Spanish, lists all current New York State, Federal, County and various private sector jobs. Free.
- Through the Suffolk County Department of Labor, the following services/programs are available to assist low-income families with employment:
 - Low-cost or free (if income eligible) vocational training through accredited institutions.
 - Free placement assistance is available upon completion of training.

The Department of Social Services provides organizations with funds for transitional housing. This program includes working with the Suffolk County Department of Labor, and allows transitional-living individuals with lower tuition fees at local colleges for educational purposes. These programs are designed to help individuals become self-sufficient.

Actions planned to develop institutional structure

The Family Service League, Huntington Community Council, the Huntington Housing Authority, the Community Development Agency and the Town of Huntington's Department of Human Resources are working together to provide a coordinated myriad of services to meet the needs of low and moderate-income families, including after school programs, occupational and work experience training.

Working relationships between the Huntington Township Chamber Foundation, Huntington Freedom Center, and Suffolk County Department of Social Services create daycare and housing. Local churches and synagogues, Habitat for Humanity as well as the Town and Suffolk County are all working together

to create affordable housing.

The Town of Huntington Planning Department and the Huntington Community Development Agency are working with private developers who are building new homes in Huntington to provide units that are affordable.

Other expected resources include Suffolk County's surplus land program, which makes land available for affordable housing purposes and private sector funds in the form of construction loans and mortgage financing for affordable housing projects. Additionally, the Town has also entered into agreement with a local lender to provide below-market interest rate loans for the purpose of homeowner residential rehabilitation.

The Town will provide technical assistance to other entities that are applying for funds for affordable and supportive housing. The Town, where possible, will expedite the review process of such applications through Town departments.

Actions planned to enhance coordination between public and private housing and social service agencies

Coordination between public agencies housing resources, assisted housing providers, mental health and human services Agencies and not-for-profits are critical to the delivery of viable products and services the Town will be an active participant.

Discussion:

The Town of Huntington continues its efforts to address obstacles to meeting underserved needs, foster and maintain affordable housing to reduce lead paint hazards, reduce families in poverty, and to enhance the coordination between public and private housing and social service agencies. The Town of Huntington would like to the federal government to increase the funding of Community Development Block Grants enable us to provide more services to low and moderate income families.

The Consolidated Plan allows the Town of Huntington Community Development Agency to apply for Community Development Block Grant funds, HOME Investment Partnership Program funds and Emergency Shelter Grant funds while creating a strategy for carrying out each of these programs.

The approved Town of Huntington Community Development Consolidated Five Year Plan (2015-2019) was undertaken by the Huntington Community Development Agency and included the coordination and cooperation of the Town's Departments, housing providers, interested agencies and the general public.

Major components of the Proposed Fourth Year (2018) Annual update of the 5 Year Annual Consolidated Plan (2015-2019) include an assessment of housing and community development needs, including rental assistance, homeownership opportunities, housing rehabilitation, public improvements, neighborhood revitalization, economic development and homelessness; market conditions. Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) _____ [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.
