CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

In Program Year 2020, the Town of Huntington identified six area for addressing the Town's goals and objectives:

1. Improve the condition of existing housing for owner-occupied households for low and moderate income families, which is accomplished through our home rehabilitation program.
2. Increase the supply of affordable owner-occupied households for low and moderate income families utilizing the Town of Huntington affordable housing code. Seven units were developed at Kensington Estates, and new units will soon be available at Seasons at Dix Hills, and the CDA constructed 14 one and two-bedroom condo units with a Veterans preference, known as Columbia Terrace. the Lottery was held to place applicants for first time home buyers.
3. Facilitate the location of housing for the homeless and households with special needs- The Huntington Community Development Agency provides this through two shelters and six housing units.
4. Expand employment opportunities for low and moderate income families- The Huntington Community Development Agency provides assistance in the Huntington Opportunity Resource Center (HORC).
5. Increase public facilities to low and moderate income families- The CDA continues to provide street and sidewalk improvements, multiple services at the HORC, and increased access for those with limited mobility.
6. To plan, prepare for, and respond to the Coronavirus (COVID-19) pandemic - provide food relief, counseling services, financial assistance to individuals, families and businesses.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

As identified in the tables above Community Development Block Grant funds, Town of Huntington funds and private funds have worked to address the priorities and objectives identified in the Town's Consolidated and Action Plans. All CDBG goals are on target to be reached. The Huntington Station revitalization program is moving forward, the project has a delay due to additional funding needed by the parks department, completion of this is a multi-level program with private and CDBG funds will be completed in 2022.

The Town has provided vast support for these programs using general funds due to the attrition of CDBG funding, in the future some of the goals that are not funded through CDBG will be attenuated.

CDBG funding has been allocated to service agencies with direct connections to the low-moderate income communities, providing housing assistance, counseling, and other invaluable services.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

CDBG	White	2,143
	Black or African American	270
	Asian	6
	American Indian or American Native	0
	Native Hawaiian or Other Pacific Islander	0
	Total	2,419
	Hispanic	1,759
	Not Hispanic	112

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The persons listed above in this program year are directly affected by CDBG funding, Town of Huntington and not for profits. Through partnerships with our service agencies during the program year, as well as households assisted through the home rehabilitation program.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	819,277	318,609

Table 3 - Resources Made Available

Narrative

Funding allocated for Huntington Station Revitalization has been earmarked to support improvements at park within Huntington Station. The Town is currently in bidding process and expects the project to begin fall 2022.

Funding for Home rehabilitation remains available. since the pandemic home owners have been reluctant to go through the home rehabilitation program. Especially senior or medically compromised population due to potential exposure to covid-19. Funds will continue to be dispersed in the future.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Huntington Station	4		
Town wide	96		

Table 4 – Identify the geographic distribution and location of investments

Narrative

The Town has allocated CDBG funds to assist in the rehabilitation of Huntington Station a low- and moderate-income area that was never completely transformed during urban renewal efforts. The efforts have produced the first private new mix use development since 1978 on the corner of Northridge and New York Avenue which include businesses on the first floor and 16 apartments above. This commercial space and apartments were made available in early 2019. Another mix use building is being proposed at the corner of Olive and New York Avenue and construction should began in 2022. Working with the Town and under the affordable housing code, the CDA oversees the Town's affordable housing program, ensuring that there is an increasing number of new units to moderate income residents.

The Town of Huntington Community Development Agency with assistance from New York State Completed construction of 14 new condominium units of affordable housing in Huntington Station. These units are now in the process of being purchased.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The Community Block Grant Program does not have any leveraging requirements.

However,

CDBG funds, Town of Huntington and not for profits are leveraged funds that provide additional services to low- and moderate-income individuals/families throughout the Town of Huntington. The Town's senior center, sidewalk improvements and park improvements are all examples of increasing public facilities for this group.

The Town continues to work with Suffolk County to provide a multitude of services to low- and moderate-income individuals out of the Agency's Huntington Opportunity Resource Center located in Huntington Station.

The Town of Huntington participates with Long Island Coalition for the Homeless in development of a continuum care strategy.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	8	0
Number of Non-Homeless households to be provided affordable housing units	10	17
Number of Special-Needs households to be provided affordable housing units	0	0
Total	18	17

Table 5 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	14	17
Number of households supported through Rehab of Existing Units	10	9
Number of households supported through Acquisition of Existing Units	0	9
Total	24	35

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

During fiscal year 2020, the Town's first year of the 5-year Consolidated Plan, we have made progress towards most of our performance goals. The rehabilitation program completed working with 9 families in program year 2020, and will continue assisting low-to-moderate income families in 2021. The Town of Huntington affordable housing ordinance has produced 9 affordable luxury units for moderate income seniors, 2 affordable rental units, and construction is completed on the 14-unit affordable Veterans condos. Due to the COVID-19 pandemic, residential rehabs came to a halt, as we were unable to enter

resident's homes. Many Home owners of current affordable housing residences sold their homes in 2020 leading to a large increase in new non-homeless affordable housing units being provided.

All though the Town of Huntington did not utilize CDBG funds to provide rental assistance in 2020, there was an allocation of \$137,000 dollars from CDBG_CV that has been utilized for rental assistance. In addition, the Town has received funding from the Department of Treasury in the amount of \$5.9 million dollars for the purposes of providing rental assistance to residents of the Town who have been financially impacted by the COVID-19 Pandemic. This effort will assist in keeping families in their homes.

Discuss how these outcomes will impact future annual action plans.

Even though the Town does not receive HOME funds, the Town has been successful in providing new affordable units to low-to-moderate income families through new developments with zoning changes that result in mix use building require an affordable housing percentage within the development. Additionally, workforce housing has also seen additions in recent years, through local legislation.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	8	0
Low-income	10	0
Moderate-income	0	0
Total	18	0

Table 7 – Number of Households Served

Narrative Information

In the Town of Huntington 96% of the CDBG funding is allocated to low-to-moderate income activities. The Town of Huntington with non-CDBG funds, partnerships with not-for-profits and Suffolk County continue to provide services that enable self-sufficiency in low-to-moderate income families. PY 2020 brought new, distinct challenges with the global pandemic and the need to address issues with families and individuals facing unforeseen crises due to financial uncertainty. Attention was shifted to providing safe shelter to the homeless, addressing food insecurity for those in need, and providing essentials to those who were unable to obtain them.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Town of Huntington does not receive Emergency Shelter Grants (ESG) funding. However, the Town of Huntington does use general funds to assist those individuals and families in need through grants to not-for-profits.

The Town is a participant in Long Island Coalition for the Homeless a county wide collaboration between not-for-profit homeless service providers, community leaders, advocacy groups and legislators. The Long Island Coalition for the Homeless purpose is to prevent duplication of effort and better serve the most vulnerable homeless individuals, families and persons at risk of homelessness. The not-for-profits provide case workers to assist the homeless through their journey to self-sufficiency. The Town has contracted with Haven House Bridges to run the two shelters, which are consistently at capacity and were so throughout the pandemic. In addition, a service partner Family Service League, has successfully been converting homeless to home share program throughout the pandemic.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Town of Huntington through the Community Development Agency continues to address emergency shelter and transitional housing needs of the homeless by owning two (2) shelters. The financial support of the programs is operated by not-for-profit agencies. The Agency Shelters are run by Haven House Bridges and the Family Service League runs an additional shelter in the Town of Huntington. Suffolk County Department of Social Services provides financial assistance to the not-for-profits in which they provide the services to the residents of the shelters.

In PY 2019, the Town provided CDBG-CV funds to the Family Service League for the purpose of providing shelter to homeless individuals in a safe environment. Funding was also used to provide personal protective equipment to individuals and families. The shelter is now host to up to 50 individuals on a nightly basis.

During the pandemic our shelters faced many challenges. Shelters were forced to be outfitted to meet new guidelines for social distancing and prevent virus spreading. New protocols and equipment were needed to address these new requirements which limited capacity to many shelters around New York. The two shelters run by Haven House Bridges as well as the shelter run by Family Service League received substantial upgrades to all facilities to ensure a better quality of living as well as provide accommodations to reduce the spread of covid-19 or other infectious disease.

Family Service League has made substantial improvements to the quality of the shelter to ensure that those who are homeless can receive a better quality of service while also preventing the spread of infectious disease now, and when others arise in the future.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The requirements of helping low income individuals and families avoid becoming homeless are reached by the Town of Huntington through the Community Development Agency utilizing the home rehabilitation program to rehabilitate homes, the Huntington Housing Authority section 8 vouchers when available, and partnering with the County and local service agencies to provide counseling, financial assistance and access to care. The Town of Huntington youth program guides youth through Drug and Alcohol programs, Project Excel assisted with tutoring, GED classes, interviewing skills workshops, planning for the future, and Sanctuary Project provides counseling, crises intervention and short-term emergency housing. The Huntington Opportunity Resource Center provides assistance with the Suffolk County Department of Labor with job interviews and job skill training.

The Town also works with the Suffolk County Department of Social Service and a myriad of not-for profit organizations to reach out and assist families and individuals with the services that will provide the assistance needed to avoid becoming homeless.

During the COVID-19 pandemic a moratorium was placed on all rental properties and shelters to prevent evictions while the state experienced mandated shutdowns. For many, this eased the burden placed by the pandemic. Ultimately the moratorium is set to end in 2022 where it is anticipated that counseling services and assistance provided by groups like Housing Help Inc. will be critical.

All though the Town of Huntington did not utilize CDBG funds to provide rental assistance in 2020. The Town has received funding from the Department of Treasury in the amount of \$5.9 million dollars for the purposes of providing rental assistance to residents of the Town who have been financially impacted by the COVID-19 Pandemic. this effort will assist in keeping families in their homes.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals

and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Plan to end chronic homelessness has been developed by Suffolk County as lead agency. The Suffolk County Department of Social Services directly and through not-for profit providers, provide a full range of services. These services include: counseling programs to meet emotional/ social needs of the clients including such things as basic family life management skills; psychological services; day care centers for emotionally disturbed adults; programs of recreation, social, health, counseling and vocational activities provision and transport of food; housing referrals and resolving school registration problems for homeless children. These programs are designed to help families and individuals to become self-sufficient.

Other programs are offered for tenants and landlord rights to offer counseling to those who may experience homelessness or are currently undergoing the eviction process and require legal assistance and counseling.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

In an effort to further our mission to create and maintain access to decent and affordable housing, the Huntington Housing Authority has issued Housing Choice Vouchers each month to applicants on the waiting list. In addition, the board of Commissioners are actively seeking to acquire land to develop affordable housing within the Town of Huntington.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The Huntington Housing Authority has canvassed the participants and residents for participation as a resident member, on the Board of Commissioners. In addition, the authority holds special meetings to address specific management issues and routinely provide residents with written communication to encourage engagement in the operations. Moreover, the Housing Authority broadened the scope of the family Self Sufficiency Program to include homeownership as a targeted goal and program feature.

Actions taken to provide assistance to troubled PHAs

The HHA has been rated as a high performer in both Public Housing and the Housing Choice Voucher Program areas. Therefore, the agency does not require technical assistance to administer programs.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Government regulation, while a necessary and inevitable, in the Town of Huntington, through affordable housing town policy, the Town of Huntington Planning Board has the ability to spur the creation of affordable housing units in as applicant-initiated zone change resulting in the lot yield or density. In exchange for the public benefit, per Town Code, the developer is obligated to provide affordable units and contribute to the Town of Huntington Affordable Housing Trust Fund. The increased density enables developers to produce affordable housing without the need for direct financial government subsidy.

The CDA also oversees the Affordable Housing Advisory Board (AHAB) which makes recommendations to the Town with regard to creating new affordable housing stock, both ownership and rentals.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Identified was the high cost of housing/land in the Town of Huntington. Circumstances that cause the highest cost of housing/land include: construction cost, lack of undeveloped land, high property taxes, and high homeownership and rental cost. These concerns continue to contribute to the high cost of housing/ land in the Town of Huntington.

Actions to Overcome Concern:

Continue to with fair housing advocates; Expanded efforts to make individuals and housing organizations aware of local HUD approved housing counseling/financial education; Community Development Agency to continue to offer persons of low and moderate income the financial services to rehabilitate their homes.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Lead base paint abatement is a component of the Town's rehabilitation program. All clients are asked to read the pamphlet renovate right "important lead hazard information for families, child care providers" to learn about the hazards of lead base paint. The clients are also asked to fill out and return paperwork stating they have been given a copy/read the dangers of lead base paint. Every home selected for rehabilitation is tested if not statutory exempt. All lead base paint is eliminated or encapsulated remedies are implemented if lead is detected. All contractors must have been trained in lead base paint procedures through the EPA to be eligible to work on the town's rehabilitation program.

CAPER

15

The high cost of living, prices of homes and taxes are large impediments in the Town. The Town will continue to increase supply of affordable units by working with developers to construct affordable housing units under the towns affordable housing ordinance. The CDA will continue to oversee the affordable housing program and ensure new development includes adequate rental and ownership

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The strong partnerships are providing dynamic proactive leadership that enhances the lives of low- and moderate-income persons/families in the Town of Huntington. Members of the Huntington Housing Coalition are also members of the Affordable Housing Advisory Board, and the CDA meets with that board on a quarterly basis. The CDA also partners and meets with developers to discuss the creation of more affordable housing.

The coordination between the Town Agencies, Town of Huntington Departments, Town of Huntington Housing Authority, not for profit service providers and Suffolk County Department of Social Services and Department of Labor are critical to the delivery of needed products and services.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The development of a Consolidated Plan, Annual Action Plan and the CAPER provides for the development of an institutional structure. Each program administered needs support from other Town Departments, Suffolk County Departments and not-for-profits to be successful. The Town of Huntington plans for the future with many services to residents from home rehabilitation, drug and alcohol interventions, homeless shelters, public housing, meals on wheels, job preparation, English as second language, public transportation, protection of the environment, expanding sewer services, provide affordable housing through new development and economic development. Many of these initiatives are non-CDBG funded, however rely on the institutional structure to fulfill the CDBG goals stated in the Consolidated Plan and shown in the CAPER.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

All programs administered through the Huntington Community Development Agency aim to provide housing, community development and public services to benefit eligible residents, including poverty-level families, so they can increase their opportunities for self-sufficiency. The Town of Huntington works with Huntington Housing Authority, Suffolk County Department of Social Services and local not-for-profits like Family Service League, Haven House Bridges to address the needs of poverty-level families.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

opportunities for moderate income families. New developments will also open up opportunities through workforce housing developments.

The lack of sewers is causing concerns with water in the Town of Huntington. However, the Town of Huntington along with Suffolk County has committed to funding over 40 million dollars towards this effort to install sewer through the NY-110 corridor from Huntington Station to Melville. This will drastically increase both housing and economic opportunities within Huntington Station.

The Town of Huntington will continue to work with fair housing advocates to provide assistance to outreach and educate all on fair housing issues.

The Huntington Opportunity Resource Center (HORC) will provide low and moderate persons/families to find economic opportunities assistance to help them in employment to become self-sufficient.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Community Development staff monitors the performance of Consolidated Plan and activities to assure that the time schedules are being met, activities are being accomplished and other performance goals are being achieved. Also, the staff conducts on site monitoring visits when applicable. The Agency also reviews every project for compliance with Federal and New York State labor Standards. Public Service sub-grantees submit quarterly progress reports documenting clients served, expenses, and achievement of specific goals and objectives. The Agency conducts on-site visits to review program files, and observe the operation and management of the projects. The Agency assists its sub-recipients

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Copies of the fiscal year 2020 Consolidated Annual Performance and Evaluation Report were made available to the public and interested parties beginning August 30th, 2022. Copies were available for public review at the Agencies website and in the public libraries.

In addition, a "Public Notice" advertisement in the local newspapers on July 26th 2021 for the first public hearing with the new program start date of September 1, 2021. A public hearing was held on July 29th 2021. A Second Hearing was held on August 11th 2021. Any comments received before July 31st were reviewed and answered.

A Public Notice advertisement in the local newspapers on Thursday October 6, 2022 for the public comment period of review of the Consolidated Annual Performance Evaluation Report. Any comments received prior to November 29th, 2022 will be reviewed and answered.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The Town of Huntington started off slow in wake of the Coronavirus Pandemic. The effects of the pandemic took a toll as life came to a standstill. Rehabs are still slow moving as many constituents have become financially strained. In addition, building and supply materials have reached records highs in some cases increasing over 300% per item. We will continue to dedicate time in the community to revitalize the flow of this program. The Town was able to achieve this through funding provided by HUD through the CARES ACT, and its partners who were able to continue to provide the much-needed services to low and moderate income residents.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-45 - CDBG 91.520(c)
