Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The Town of Huntington is required by law every five years to prepare a Consolidated Plan to receive federal funds from the US Department of Housing and Urban Development (HUD). The Consolidated Plan combines in one report important information about Town of Huntington demographics and economic activity as well as information on the housing and economic needs of its low and moderate-income residents.

In program year 2018, The Town of Huntington at the request of Suffolk County during our public outreach changed the Community Development Block Grant (CDBG) year end from March 31, 2019 to August 31, 2019. This has Changed The Town of Huntington Community Development Block Grant fund year start date for our 5th year Action plan (fiscal year 2019) to September 1, 2019 and an end date of August 31, 2020.

All funding recommendations for programs operated with these funds were evaluated based on their ability to help the Town of Huntington and HCDA meet the goals and priorities established in this plan.

For the next five years 2015-2019 the Town of Huntington via HCDA is required to prepare a one year action plan to notify citizens and HUD of the Town's intended actions during that particular fiscal year. This will be the fifth year Action Plan (fiscal year 2019) includes citizen input that is due now annually to HUD by September 1st. The action plan is developed under HUD guidelines and serves as the application for Community Development Block Grant funds.

The Consolidated Plan identifies current situations, assesses and prioritizes community needs, and develops a strategy according to the Towns' long-term objectives to distribute and allocate Community Development Block Grant (CDBG) resources. These programs provide primary benefits to low and moderate-income persons, but also serve to eliminate blight conditions throughout the Town.

In April of 2020, HUD notified the Town of Huntington that we were to receive \$510,015 in CDBG-CV funding under the CARES Act, to prevent, prepare for and respond to the coronavirus pandemic. A virtual public hearing was held, and funding was allocated in accordance with the needs of the community to service agencies that had been working with residents directly impacted by COVID-19.

The purpose of this document is to enable the Huntington Community Development Agency and the Department of Housing and Urban Development to assess all program efforts and to determine whether the Town of Huntington is meeting the needs of the targeted populations.

This document presents a strategy to address the following program goals in fiscal year 2019: a) provide decent housing, b) provide a suitable living environment and c) provide expanded economic opportunities and d) with the CARES Act funding, respond to, prevent and prepare for the coronavirus pandemic. The programs to address these goals are primarily aimed at families and individuals of low and moderate income, i.e. 80% of median family income.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The programs aim to provide decent housing. Included within this broad goal are the following:

- First, assist homeless persons to obtain affordable housing; retain the affordable housing stock; increase the availability of permanent housing that is affordable to low-income Americans without discrimination, and increase supportive housing that includes structural features and services enabling persons with special needs to live in dignity.
- Second, provide a suitable living environment.

Providing a suitable living environment includes improving the safety and livability of neighborhoods, increasing access to quality facilities and services, reducing the isolation of income groups within areas by increasing housing opportunities and revitalizing deteriorating neighborhoods, restoring and preserving natural and physical features of special value for historic, architectural, or aesthetic reasons; and conserving energy resources.

- The third major statutory goal of the program is to expand economic opportunities.

Within this goal is facilitating the creation of jobs accessible to low and very low-income persons; providing access to credit for community development that promotes long-term economic and social viability, and empowering low and very low-income persons in federally assisted and public housing to achieve self-sufficiency.

Housing and community development needs:

- The needs analysis provides a comprehensive evaluation of housing needs in the Town of Huntington, an estimate of needs based on HUD data, analysis of housing problems, and the analysis will be utilized to define priorities for the allocation of community development block grant funds. Community development needs can be included in:
- Rehabilitation of private property.
- Infrastructure improvements.
- Economic development/job creation.

The fourth goal is to prepare, respond to and prevent the spread of the coronavirus. With the cap to service agencies lifted on the CDBG-CV funding allocations, The Town of Huntington CDA was able to directly assist organizations providing services to those directly impacted by the pandemic. Specifically, those who are low and extremely low income.

- Strategic Plan:

The Huntington Community Development Agency Consolidated plan has set forth initiatives to address Town needs and priorities. Priority will be given to the locally-defined CDBG projects funded and must be consistent with applicable Town laws.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

In the past eight years the Town of Huntington via the Huntington Community Development Agency and its various partners, including not-for-profits, state and county governments, has provided over 178 units of affordable housing for first time homebuyers in the Town of Huntington. Last year Highland Greens an affordable limited equity co-op providing 117 units in Melville and Country Point in Huntington in Huntington Station provide 11 units. In 2016 the Creekside provided 3 units of family rental housing in Halsite, and Coves are in the process of providing 27 units of senior affordable units in Melville, and 43 units of rental housing in Huntington Station at Avalon. The Seasons in Elwood will be providing 20 units 2019. In FY 2018 we have added three first time homebuyers one in Centerport and two in Greenlawn. The Town and HCDA assisted in the rehabilitation of over 124 units of low to moderate income homeowners in Huntington.

The Town with Stimulus funds has provided funds to the Huntington Housing Authority for Family Self Sufficiency. This enables families to get child care so they can find work or enroll in schools to get a better education enabling them to find employment.

The Town of Huntington has provided assistance to the Weekday Nursery School, Huntington Freedom Center, Rainbow Chimes and Millennium Hills. These organizations provide (or provided) support services for children whose parents are low and moderate income.

In addition, the Town of Huntington updated municipal facilities that provide support services to senior citizens and low to moderate income individuals, including the John J. Flanagan Senior Center in Huntington (including the rehabilitation of its Alzheimer wing) and Manor Field counseling center at Manor Field Park in Huntington Station (the only Town park located in a low moderate income census tract). HCDA acquired (for a very small fraction of market value) a series of attached buildings in Huntington Station known as 1264-1266-1268 New York Ave. which included rehabilitation of space. The Town and HCDA also provide meeting space to partner organizations, the Huntington Station Business Improvement District and the Town of Huntington Economic Development Corporation, that from time to time, work in collaboration with HCDA on various economic development initiatives.

The Town of Huntington and HCDA continue to partner with Long Island Housing Services, Long Island Housing Partnership, Community Development Corporation of Long Island, Family Service League, Housing Help, Inc., the Senior Housing Committee of Huntington, Inc. and other various not-for-profit housing organizations to provide housing counseling, other support and education services.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Introduction/Citizen Participation Plan:

This 2019 annual plan is part of 2015-2019 Town of Huntington Consolidated Plan process and has been prepared in accordance with the U.S. Department of Housing and Urban Development (HUD) consolidated plan regulations (24CFR Part 91). This is the fifth annual plan for the 5 year Consolidated Plan for the Town.

The main purpose of consolidated planning is to plan through a collaborative process to define community development actions. This one annual plan (2019 Fifth year) outlines the priorities by which HCDA will administer Community Development Block grant funds over the next year.

There are items included in the plan which will not be funded by the CDBG Program but are integral to any successful community development strategy. These items are not recommended uses for CDBG funds because they are either ineligible for such funding or are addressed by other funding sources.

The goals of this plan reflect the three main goals of HUD's consolidated planning efforts which include:

1. 1. Provision of decent housing.
2. 2. Provision of a suitable living environment.

3. 3. Expansion of economic opportunities.

The first announcement was made on September 13, 2018, that a public hearing on September 20, 2018 looking for views, applications and comments for inclusion in the fifth year plan(2019). A second announcement on September 27, 2018 that the agency was accepting applications for the and Public Hearing was held on October 20, 2018 for inclusion in the 2019 one year action plan. Suffolk County requested that the Town of Huntington change the ending date for for program year 2018 till August 31, 2019. The Town agreed to change the Community Development year to be September 1 and run through August 31. Requests for funds for CDBG funds were due on May 3 2019. The Action Plan (2019) which will be part of the Consolidated Plan was available on May 9, 2019 at all Huntington libraries. A public hearing was held on the Annual Action plan on May 29, 2019 and comments on the plan were to be submitted by June 10, 2019. The Huntington Community Development Agency will hold a public meeting before the vote and comments can be made before the vote to adopt the plan on June 18, 2019.

The Town of Huntington was notified in April 2020 that is was to receive \$510,015 in CBG-CV funding under the CARES Act. A virtual public hearing was held on June 25, 2020 to solicit comments from the public to amend the 2019 Annual Plan and the Citizen Participation Plan. Notice of the hearing was published in the local papers.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Huntington Township Housing Coalition seeks to increase affordable rental housing for low income households. The Huntington and Vicinity Ecumenical Ministerial Alliance advocates equal housing opportunities. The Fair Housing in Huntington Committee, Inc. is concerned with residential segregation.

The Town's lotteries are open to all. Not all ultimately qualify. The Town will facilitate housing education and counseling seminars. It is the hope that such efforts can go a long way toward ensuring a more favorable outcome in future affordable housing lotteries.

To the concern for more affordable rental housing, the fact remains that market factors and the scarcity of land drives up the cost of construction of multi-family housing. Notwithstanding market forces, the

Town continues to compel developers to construct affordable housing via affordable housing legislation.

The Town recognizes that its Affordable Housing law it is not the only answer. That is why it believes the construction of rental housing units over commercial via mixed-use downtown development is another solution.

The current focus of private developers on senior housing is a direct result of the needs of the market. This is reflected in Huntington, with seniors (as of the 2010 Census) approximately 19% of the population. The 2010 figure is 4% higher than the 2000 Census.

There were no comments from the public either during the virtual hearing or the five day comment period following.

6. Summary of comments or views not accepted and the reasons for not accepting them

There were no comments not accepted. All comments are taken into consideration as staff utilizes these comments to compile a list of common and recurring themes to assist in establishing priorities and goals for annual and consolidated plan.

Suffolk County requested the Town of Huntington to change the date for the length of the fourth year Annual Action Plan (fy 2018), it would be for 17 months; to an ending date of August 31 from March 31. The Town provided another public hearing for the 2019 Action plan on April 16, 2019 for inclusion in plan. There were no comments at the April 16, 2019 meeting.

7. Summary

The Town of Huntington Community Development Agency understand and recognize that , despite the Town's many accomplishments to date, the need for affordable housing of all types and sizes continues to exist throughout the Town. The Town and the Huntington Community Development Agency pledge to continue working closely with housing advocates and groups to ensure best efforts and fairness to all concerned in attempting to address the affordable housing needs of the community, given the inherent development and economic challenges, and federal regulations that govern disposition and administration. This partnership must include open communication, education, and a desire to understand and accept mutual realities.

The Town of Huntington was one of the hardest hit communities on Long Island during the coronavirus pandemic, particularly in the lower income hamlet of Huntington Station. Hundreds of families were without income, struggled to put food on the table, and in extreme cases, were not able to quarantine safely in their own homes. With the cap lifted on the amount provided to service agencies, the CDA was able to greatly assist these needs through the CDBG-CV funding.

The Town has acquired a former New York State armory in Huntington Station which will become a community center, the Agency will be helping with CDBG funds to assist with the new play equipment. The Town/Agency will be constructing 14 affordable units of housing in the Huntington Station area, with the assistance of a New York State grant no federal funds are in this project. The Town is improving public infrastructure (parking lots, sidewalks, roads, street lighting, curbs, etc.) in downtown shopping districts with Suffolk County Downtown Revitalization grant funds.

Though the Town of Huntington does not own the land, through the Town's affordable housing code there will be 20 units of affordable senior housing units in Elwood, at the Seasons development, the agency held the lottery in 2018, and in fiscal year 2019 these income eligible seniors will be moving in. On May 29 the second part of the seasons lottery will be held for an additional 14 units.

Discussion

Federal funds provide a crucial role in implementing the consolidated plan. Without partnerships between federal, state, local and private funds there would be a disconnect between partnerships and agencies that provide services to low and moderate income persons.

Geographic Distribution

Target Area	Percentage of Funds
Town wide	96
Huntington Station	4

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The CDBG program is designed to help low and moderate income. The Town does not have many census tracts that are more than 51% of the residents are low and moderate income living in one census tract. The Town's program has been designed to meet the needs of low and moderate income families who live anywhere in the Town of Huntington, based on the assumption that in a high cost area, they is a greater risk of displacement, or other serious situations due to limited financial resources.

Funding from CDBG-CV is being designated based upon the needs of the residents and the devastating impact it has had and continues to have on the residents of the community. The primary focus will be low to extremely low income families.

Discussion

The Town of Huntington utilizes CDBG for projects and programs Townwide. However public facilities and improvements are targeted to those census tracts with more than 51% of the residents who are low and moderate income.

Although CDBG-CV funding will be available for residents throughout the Town, the majority of the residents impacted are located in those census tracts where the majority of families are low or extremely

low income.

AP-60 Public Housing – 91.220(h)

Introduction

The Huntington Housing Authority is a local public agency that provides safe, decent, and quality affordable housing and supportive services to eligible persons with limited incomes.

Actions planned during the next year to address the needs to public housing

Huntington Housing Authority Plan provides the participants, tenants and other community stake holders with basic programmatic information, as it relates to the specific programs administered by the Housing Authority of the Town of Huntington.

- Provide the communities we serve with state of the art closed circuit television system, as a means to maintain safe, decent and affordable housing.
- Preserve and improve the physical conditions of the public housing stock through the use of Housing and Urban Development (HUD) capital grant funds.
- Maintain the Housing Authority's level of direct service through accurate budget authority analysis and the proper implementation of HUD administrative directive, such as eligible screening, rent calculation and rent reasonableness.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The resident association composed of residents of public housing works with residents on a regular basis. When a resident of public housing comes to the office with a problem, other than a request for routine maintenance he or she is referred to the residents association for a solution. The Resident's Association either deals with the concerns or makes a recommendation to the Board of Commissioners as to what action the board should take.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Discussion

The Housing Authority is always working to address the needs of public housing and encouraging public residents to become more involved and participate in homeownership. The Town will continue to support the residents by providing services through Huntington Opportunity Resource Center (HORC) which has service providers there on different days, Department of Social Service (myriad of services), PSEG and National Grid for programs to help residents pay for those services. Seniors can go the John J

Flanagan Senior center which provides a low cost meal or meals on wheels. Huntington youth burea has program for free alittle cost according to income. Reach CYA we support directly with CDBG to help with youth at Millennium Hills.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The Town's goal would be to have a seamless continuum of care for the homeless. The Town will continue to work with the Suffolk County and the not-for-profits that provide the direct services to the homeless.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Town does not receive ESG Funds; however we are working with organizations that make up the local Continuum of Care which have implemented a multi-pronged effort to provide adequate housing and social services to this very vulnerable segment of community.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Town of Huntington has endorsed the “Continuum of Care” philosophy to chronic homeless with planned activities which provide assistance to homeless persons and those in danger of becoming homeless. This takes in account assistance to emergency shelter programs, transitional housing with associated services and development of permanent rental housing for formerly homeless families and individuals. Programs serving homeless needs have been funded through CDBG and local funding. The CDBG has funded the rehabilitation of shelters and transitional sites and will continue to provide assistance to other housing and service providers who have or will receive funding from other Federal and State Programs.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Continuum of Care providers achieve this by assisting homeless individuals and families make the transition to permanent housing and independent living. This is accomplished with additional support services which are funded by New York State and Suffolk County Department of Social Services.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly

funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The Town of Huntington does not receive ESG funds, however, with the services of Suffolk County Department of Social Services (DSS)and local Continuum of Care providers have developed a myriad of programs that help individuals and families avoid becoming homeless. The Huntington Opportunity Resource Center in Huntington Station has DSS there twice a week. Family and children services, include protective services, adoption services, foster care, child care and more: The Suffolk Works Employment program (SWEP) helps temporary assistance applicants and recipients obtain the skills they need to find employment: The supplemental Nutrition Assistance Program (SNAP) issues electronic benefits that can be used like cash to purchase food. SNAP helps low-income working people, senior citizens, the disabled and others feed their families. Eligibility and benefit levels are based on household size, income and other factors: The home energy assistance program (HEAP) helps low-income people pay the cost of heating their homes: Temporary Housing assistance helps persons who are homeless or in danger of becoming homeless.

Discussion

The Town of Huntington does not received ESG Funding, however it is committed to the “Continuum of Care” philosophy to end homelessness by working with local Continuum of Care providers. The Huntington Community Development Agency will continue to provide assistance to the two Homeless Shelters.

The CDA will partner with service agencies to provide financial assistance, access to programs, food, and necessities to families experiencing homelessness through the use of CDBG-CV funds.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The high market price of housing, limited available vacant land, the age of the housing stock, decline in government housing funds and NIMBYS are all obstacles identified.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

High Market Price

Down payment program assistance through home funds (Suffolk County) can assist in the purchase price. Also new developers needing a zone change in the Town of Huntington as per our local affordable housing ordinance will create subsidized units for low-moderate income persons.

Limited Available Land

The Town is participating with Suffolk County in the 72H Program for land, however in the past 10 years only two small parcels have been lost to taxes.

Age of Housing Stock

The Town will continue to operate the Housing Rehabilitation program which provides funds to low-moderate income families.

NIMBYS

The Town will continue to increase public education about the myths that can be detrimental to hamlets in Huntington.

Discussion:

The Town of Huntington will continue its efforts, with its many partners to address barriers to affordable housing.

AP-85 Other Actions – 91.220(k)

Introduction:

The Town of Huntington will undertake the following actions listed in fiscal year 2019 with the assistance of other government entities and not-for-profits.

The CDA will continue to partner with community service agencies to provide additional assistance to families and individuals affected by COVID-19 with CDBG-CV funding.

Actions planned to address obstacles to meeting underserved needs

The greatest obstacle is getting the information to the underserved. With this in mind, the Agency will continue its efforts to reach these individuals by advertising all the programs which are available to low and moderate income, homeless and special needs populations through brochures and contacting local churches and synagogues.

The town will provide assistance to organizations seeking to take advantage of state funding for the creation of new housing opportunities for developmentally disabled.

The CDA will use CDBG-CV funds to address the needs of food insecurity, the inability to quarantine safely due to overcrowding in some homes, and aid in the prevention and spread of the coronavirus.

Actions planned to foster and maintain affordable housing

The Huntington Community Development Agency will continue to rehabilitate dwelling units of low and moderate-income families who own their home in the Township. The Huntington Community Development Agency will also rehabilitate rental dwelling units, in certain cases, which are occupied by low and moderate-income families that live in the Township. The Agency also provides assistance for accessory apartments located in the Town of Huntington. The Community Development Agency, the Town's Planning Department and Suffolk County's Real Estate Department are searching for building lots and vacant houses in Suffolk County for construction or reconstruction as affordable housing for low and moderate income families.

The Huntington Housing Authority provides rental assistance in the form of vouchers and certificates to income-eligible families to bridge the gap of affordability.

The Suffolk County Department of Social Services also provides funds to low and moderate-income families to help defray the cost of living expenses throughout the Town.

The Community Development Agency and the Huntington Housing Authority are partnering at Millennium Hills to provide family counseling and after school programs. The Town of Huntington does not anticipate a change in the status of the Huntington Housing Authority.

To address the reduction of barriers to affordable housing within the Township, the CDA will continue to work with the Town's Planning Department on housing development including the Town's Accessory Apartment Ordinance. This enables a single unit of housing to become two units of housing without delays and disruptions created by new construction, which would also concentrate the units on one site. These are rental units, which are dispersed throughout the Town of Huntington. Presently, there are 1,500 accessory apartment units.

In September, 2004 the Community Development Agency and the Huntington Housing Authority completed building 40 public housing units and 44 affordable housing units in Huntington (Melville), Millennium Hills. The HHA will also provide assistance to individuals who are looking for affordable housing. Examples include voucher, certificate and down payment assistance programs.

The Town of Huntington with its various partners (not-for-profits, the State and County) in the past years have provided over 60 units of affordable housing units for first time homebuyers at the Villages West of Huntington in Melville. We assisted over 113 units of low to moderate income homeowners in Huntington with housing rehabilitation. In addition 100 units of 202 housing for seniors were built in Melville. Providing 20 units of senior home owner units for persons who make under 80% of median income. 3 units of rental housing in Halsite, three first time home owner units in one in Centerport and two in Greenlawn. The Town is looking to provide 14 condo units to veterans who are first time home buyers. In Elwood the Town is building 16 units for 80% of income seniors at the Seasons in 2019 and 2020. The Town will continue to manage many life time affordable housing units in the Town.

Other expected future resources include Suffolk County's surplus land program, which makes land available for affordable housing purposes and private sector funds in the form of construction loans and mortgage financing for affordable housing projects. Additionally the Town has entered into agreement with a local lender to provide below-market interest rate loans for the purpose of homeowner residential rehabilitation.

Actions planned to reduce lead-based paint hazards

Through the New York State Department of Labor, the following programs/services are available:

The goal of the program is to have DSS clients through Family Self Sufficiency gain the necessary skills to secure long-term employment and eventually become independent and earn an income above the poverty level.
- At Hauppauge "One-Stop" Job Center, low and moderate-income residents are able to use computerized job hunt workstations at no cost. Job hunt stations list all current New York State, Federal, and county jobs as well as a selection of private sector listings, local and nationwide.

Working relationships between the Huntington Township Chamber Foundation, Huntington Freedom Center, and Suffolk County Department of Social Services create daycare and housing. Local churches and synagogues, Habitat for Humanity as well as the Town and Suffolk County are all working together to create affordable housing.

The Town of Huntington Planning Department and the Huntington Community Development Agency are working with private developers who are building new homes in Huntington to provide units that are affordable.

Other expected resources include Suffolk County's surplus land program, which makes land available for affordable housing purposes and private sector funds in the form of construction loans and mortgage financing for affordable housing projects. Additionally, the Town has also entered into agreement with a local lender to provide below-market interest rate loans for the purpose of homeowner residential rehabilitation.

The Town will provide technical assistance to other entities that are applying for funds for affordable and supportive housing. The Town, where possible, will expedite the review process of such applications through Town departments.

Actions planned to enhance coordination between public and private housing and social service agencies

Coordination between public agencies housing resources, assisted housing providers, mental health and human services Agencies and not-for-profits are critical to the delivery of viable products and services the Town will be an active participant.

Discussion:

The Town of Huntington continues its efforts to address obstacles to meeting underserved needs, foster and maintain affordable housing to reduce lead paint hazards, reduce families in poverty, and to enhance the coordination between public and private housing and social service agencies.
